ABOUT

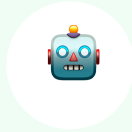

What is Quest-On?

Next-generation AI-powered educational assessment platform

Essay-Based Assessment

Evaluates critical thinking,
not simple memorization

AI-Powered Exam Assistant

Use AI during the exam
to deepen your thinking

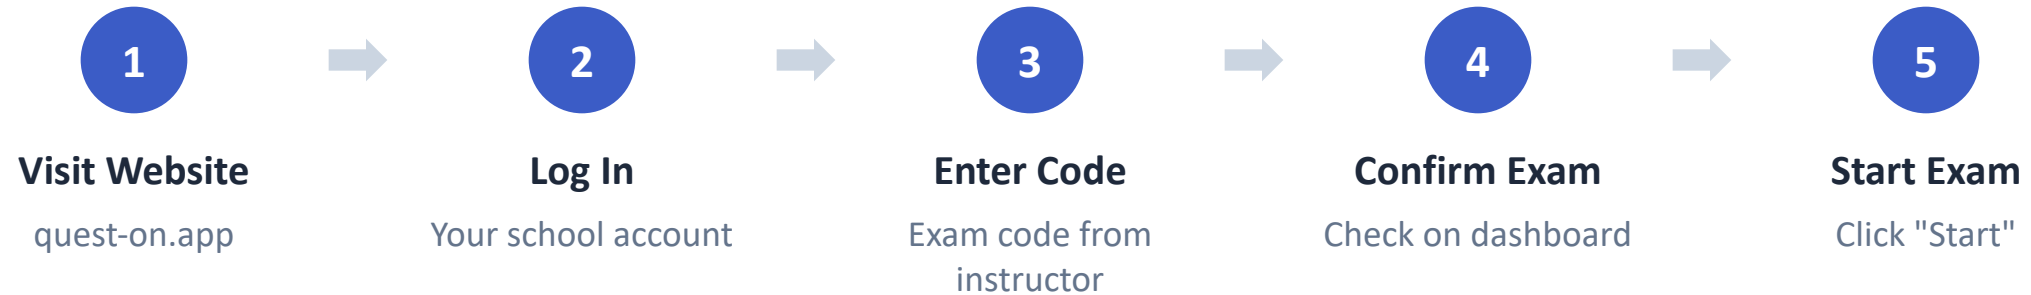

Process-Based Evaluation

Evaluates your reasoning process,
not just the final answer

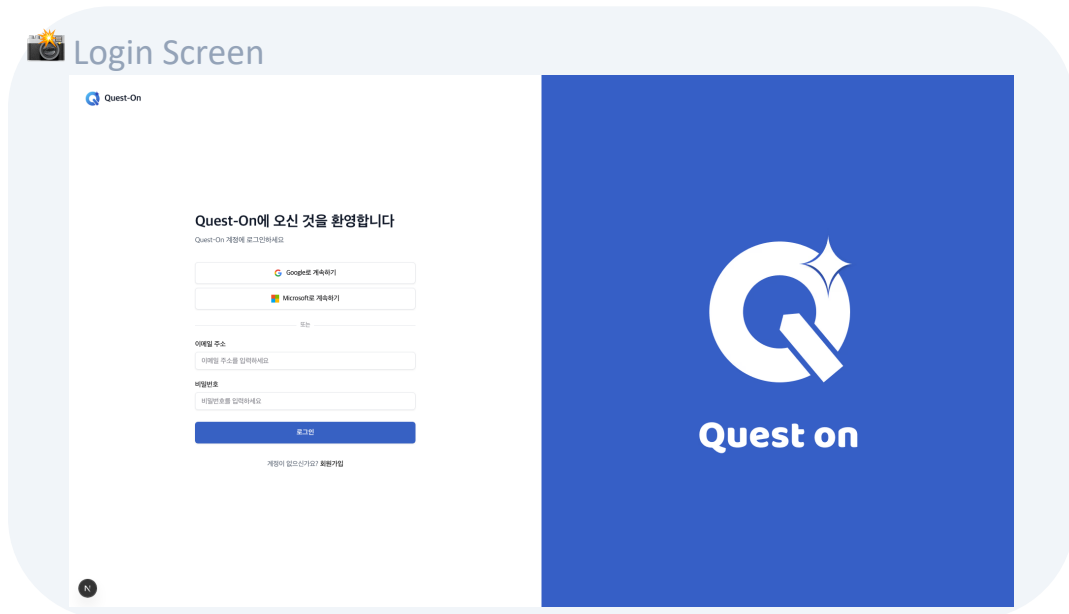

💡 Unlike traditional exams, AI use is permitted — your reasoning process is what gets evaluated

HOW TO ACCESS

How to Access the Exam

Login Screen

Before You Connect

- Use Chrome or Edge browser
- Register with your school account
- Ensure stable internet connection
- Have your exam code ready
- Laptop/Desktop PC recommended
- Disable pop-up blocker

Exam Screen Layout

① Question Area

- Navigate freely between questions
- Check point values and remaining time at the top

② Answer Area

- Auto-save supported / Manual save also available
- Built-in text editor with real-time word count

③ AI Assistant

- Provides hints and guidance (will not give direct answers)
- Chat logs are visible to your professor / Usage limit applies

The screenshot displays the Exam Screen Layout, which is divided into three main sections:

- Question Area (Top):** This section contains the question text and navigation controls. It includes a timer (59:11), a question list (문제 1, 2, 3), and a button to submit the answer (시험 제출하기).
- Answer Area (Middle):** This section is for writing the answer. It features a text editor with a word count (0/5) and a button to save the answer (저장).
- AI Assistant (Right Panel):** This panel provides hints and guidance. It includes a chat window with a message from the AI assistant: "AI와 대화를 시작하세요. 시험을 활용하여 문제를 분석하고 풀이 방향을 탐색해보세요." (Start a conversation with AI. Use the exam to analyze the problem and explore the direction of the solution.)

How to Use the AI Assistant

✓ Do's

- Ask for concept explanations
"Explain the definition of digital transformation"
- Ask for guidance on approach
"How should I approach this problem?"
- Ask for help organizing your response
"Help me outline intro-body-conclusion"

✗ Don'ts

- Asking for direct answers
"Tell me the answer to this question" ✗
- Requesting complete responses
"Write the answer for me" ✗
- Copy-pasting AI output
Submitting AI responses as your own ✗

The AI Assistant is your thinking partner — use it to develop your ideas, not to get answers!

⚠ All AI conversation logs are shared with your professor and may factor into your evaluation.

Answer Writing Guide

Always check the remaining time!

A timer is displayed at the top of the screen. Your exam is auto-submitted when time expires, so reserve the last 5 minutes for review.

Auto-Save Notice

Your answers are saved automatically. However, you must click the final Submit button to complete your exam.

Formatting Guide

Use the built-in text editor to format your answers. Auto-save runs in the background as you write.

Exam Precautions

No External Searches

Opening other tabs or browsers during the exam is flagged as cheating.

Copy-Paste Detection

Pasting external text is automatically logged and reported to your professor.

Screen Exit Logging

Leaving the exam screen is recorded, including exit count and duration.

Time Management Required

Your exam is auto-submitted when time expires. Always reserve time for final review.

 Cheating will result in a score of zero and disciplinary action under university policy.

Exam Submission Process

1

Final Answer Review

Re-read all answers
and make sure nothing
is left unanswered

2

Click Submit Exam

Click the 'Submit Exam'
button in the top-right
corner of the screen

3

Confirm Submission

Check the submission
confirmation message
and wait for the next screen

Important Reminders

- No edits allowed after submission
- Always verify the confirmation message
- Exam is auto-submitted when time expires

After submission, you can check your 'Awaiting Evaluation' status on the dashboard.

Frequently Asked Questions (FAQ)

Q. What if the internet disconnects during the exam?

Your answers are auto-saved. Simply reconnect and continue. Note that the timer does not pause.

Q. Is using the AI Assistant mandatory?
